

## ART ALL-STATE 2012 RECOMMENDATION FORM

An adult from the student's school or local community who has a good personal knowledge of the student should complete this form, not a family member or the Nominating Teacher.

The student who has given you this form is competing with students from across the state to participate in the twenty-fifth annual Art All-State! One hundred and forty students will be selected to attend this two-day program at the Worcester Art Museum. The students will work with professional artists in a combination of studio and gallery experiences. The goals of Art All-State are to boost self-image through recognition and encouragement, to allow students to work in collaboration with their peers and professional artists, and to introduce the students to the Museum as a resource for the practicing artist. Students will work in collaborative groups with a pair of professional artists on art projects that find their inspiration in the Museum's collection. Please address any supporting comments regarding your knowledge of the student's abilities and interests in art, as well as your insight into the character of the student. (This form should be returned to the student to submit with the rest of their application; please do not mail it in separately.)
