WORCESTER ART MUSEUM / worcesterart.org

Make art that is
out of this world!

**There is nothing wrong with your creations...
Do not attempt to adjust your imagination...**

These fun, hands-on workshops for youth and teens include gallery visits and exploring new art techniques in the studios. Two and four hour workshops available.

Our April Art workshops provide a valuable introduction to the Museum's collection and the process that goes into creating art. For more in-depth instruction, we encourage you to explore our youth art program, which provides sequential art classes throughout the year.
