youth & teen art classes & workshops
SUMMER JULY through AUGUST 2017
WORCESTER ART MUSEUM
WAM + STEAM = ART

Worcester Art Museum is putting ART back into the equation this summer! We are now offering new and innovative studio classes for youth and teens that integrate the visual arts with STEM — science, technology, engineering and math. This interdisciplinary approach engages young artists in a wholistic creative process, as they learn ways to investigate, create, problem-solve, collaborate and play. It promises to be a lively summer — from the geometry of mandalas and the kinetic energy of roller coasters to the engineering behind mammoth murals and Mac lab animations. For 129 years, WAM has worked to meet the changing needs of its creative community.

In 2017, it’s full STEAM ahead!

YOUTH CLASSES

What Makes our Program Unique?

WAM has a long history of introducing children of all ages to the world of art. Our students explore the Museum, try new materials, and benefit from working with professional artists and educators. As they build on their skills, they gain a sense of confidence and a deeper appreciation for art. All youth, not just those with perceived talent, benefit from our Program. Our instructors consider each child’s unique capabilities and give individualized attention during lessons. All materials are provided for youth classes.

Tips to get started

- Youth classes are age specific. Age ranges are listed on the next page.
- Enroll earlier to secure a spot. Classes must meet enrollment minimums to run.
- Note important dates on page 2.
- Learn more about our faculty at worcesterart.org/education/meet-our-faculty.
- Come visit in advance of classes to familiarize your child with the Museum.

Need help?

For easy enrollment, try our new online course registration system to browse offerings and sign up for classes. Register at worcesterart.org/classes. For questions about enrollment, please call us at 508-793-4333 or email transactions@worcesterart.org.

Youth and Teen Levels

Ages 3 – 5 Years with Adult These classes introduce young children to art materials and new experiences through studio activities, games and stories. Required parent/guardian participation reinforces communication skills and assists children in developing motor skills. Shared and individual activities help children gain self-confidence and learn to express themselves. These classes require one adult (guardian) per child enrolled.

Ages 5 – 7 Years Students are exposed to a broad range of ideas and art forms through medium-specific classes, such as sculpture and painting, as well as through theme-based classes. Emphasis is on self-expression and experimentation.

Ages 5+ Years with Adult Students of varying ages and a parent/guardian learn together about art through gallery visits and studio activities. Required parent/guardian participation reinforces creative thinking, design, implementation and assists younger students in developing these skills. This class allows up to two children per one adult (guardian) enrolled.

Ages 8 – 10 & 11 – 13 Years Students strengthen creative confidence and technical abilities through medium-specific courses. Projects focus on developing observational and technical skills as well as furthering the student’s ability to think independently.

Ages 14 – 17 Years (Teen) Projects and critiques continue to help develop technical skills and support the student’s ability to make personal decisions about expression, style and content. See page 12 for class descriptions and more information.

Week 3  
July 24 to July 28

10am–12pm

Art Together: I Can Read a Rainbow  
3-5 Year w/ Adult  
Ryan Jarvis
*Nonmember $175 / Member $157.50  
Walk through the galleries and look at how artists use color to express their feelings. Listen to stories about colors and learn how to make some of the colors you see. Use these colors in your painting, collage and mixed-media activities. This class requires one adult per child enrolled, please no additional siblings or infants.

Multicultural Masks 5-7 Years  
Jen Swan  
Design and create a series of masks using fun mixed media sculpture materials. Find inspiration from the many cultures found in the Museum’s galleries and the stories and myths that they share with us.

Ping Pong Prints 5-7 Years  
Julie Ugalde  
Did you know that everyday objects can be a print? Everything has lines and shapes! Use recyclables such as ping pong balls for printing and stamping! Make your own stamp in this class from a variety of everyday materials.

Drawing and Painting 8-10 Years  
Jessica Harris  
Learn the basic techniques of using paints, pastels and pencils to illustrate what you see. Strengthen your observation skills while working directly from objects in the Museum. Emphasis will be placed on color mixing, mark making, balance, composition and shading.

12:30–2:30pm

Engineering as Art 8-10 Years  
Priscilla Harvey  
Learn about foreground and background as they pertain to perspective in art. Study architecture as you tour the Museum and discover how artists such as Edgar Degas and Alexander Calder can be engineers. Who knew how much fun it can be when you experience being an art engineer!

Creative Cartooning 11-13 Years  
Scott Nelson  
Learn how to draw faces that express emotion, write text to make your readers laugh, and draw convincing outlandish situations in this week-long class. Explore the basics of drawing, shading, writing and page layout.

Paper Sculpture 11-13 Years  
Haruo Shiga  
This class is all about taking a 2-D piece of paper and making it into a 3D sculpture. Visit WAM’s exhibition ‘Reusable Universes: Shih Chieh Huang’ to see how you can transform objects into sculptural forms.

Clay: Poke, Pinch, Pretend 5-7 Years  
Jessica Harris  
Come explore the many possibilities of clay sculpture! Discover how other materials can be added to make your sculpture even more playful. Travel through the Greek and Roman galleries for inspiration, then create artifacts of your own.

Drawing and Painting 5-7 Years  
TBD  
Visit WAM’s galleries daily where you’ll hear stories and see works that span 5,000 years of art and culture. Back in the studio, learn about color, texture and line while you create your own drawings and paintings with tempera paints, cray-pas, and watercolors!

3D Sculpture 8-10 Years  
Haruo Shiga  
Build your skills in basic sculpture techniques using WAM’s galleries for inspiration to explore the work of famous sculptors. In the studio, learn hand-crafting with clay and create works using paper, wire, cloth and more.

Mosaic and Collage 8-10 Years  
Ryan Jarvis  
Worcester Art Museum has been involved with excavating, collecting, and restoring mosaics for almost 90 years! After visiting the galleries, use a variety of materials to make your own mosaic art. Learn how to create larger images and how to achieve realistic shading and depth.

Sci-Fi Printmaking and Sculpture 11-13 Years  
Jen Swan  
Search for Gargoyles, Jade Dragons and other mythical creatures as we explore the worlds of fantasy and science fiction. How does science fiction fill our imagination with creative vision and influence inventions of the future? Create your own fantasy world in a series of illustrations, block prints and futuristic sculptures.

Art + Math = Madness 11-13 Years  
Julie Ugalde  
Use the art elements to learn basic skills such as classification, multiplication and shape identification! Make your geoboards and tangrams during the week learning many new mathematical skills while exploring all the art elements!

TEEN CLASSES

What’s Available for Teens?

WAM’s intensive classes for 14-17 year olds provide time to develop skills, create a portfolio-appropriate artwork, and share ideas with other like-minded students. Teen classes include group critiques, socializing, and break time. They are great for college-bound artists, students looking to build their portfolios, or teens who just want to have some creative fun. All class materials are provided, with the exception of digital cameras.

Tips to Get Started

• WAM offers two learning paths for teens – one that allows for more independent study and the other for more guided instruction.
• Enroll early to secure a spot. Class minimums must be met for classes to run.
• Stop by and meet our Studio Class Program Staff
• Get to know our faculty at worcesterart.org/education/meet-our-faculty

Pricing

Pricing Per Class: Nonmember $300 / Member $270 (*unless otherwise noted)

Week 1
July 10 to July 14
10am–2:30pm

Photojournalism 14-17 Years
Elaine Smollin
Explore adventurous and subtle ways to capture the unique environments, patterns, people, and relationships that define your world while developing your photographic skills in composition, light, and meaning. Must provide own digital camera.

Fantasy Illustration 14-17 Years
Jamie Buckmaster
Study the works of master fantasy illustrators and learn some of the techniques they used to create incredible works of imaginative art. Practice techniques in pencil, ink, and paint as you develop your own creative style of imaginative illustration.

Week 2
July 17 to July 21
10am–2:30pm

Drawing and Painting Intensive 14-17 Years
Elaine Smollin
Inspired by your surroundings, learn and enhance basic drawing and painting skills. Working on location in both the galleries and the parks surrounding WAM, you will create works on paper and canvas. Learn how to use paints, pastels and pencils to illustrate what you see. Then, experiment with color mixing, mark-making, composition and shading.

3D Design 14-17 Years
Ryan Jarvis
Explore contemporary strategies and ideas for creating 3D art using clay, wood, metal and a variety of other materials. Make sketches and experiment with tried and true techniques such as carving and mold-making as well as modern styles to create your own dynamic art. Complement your studio work with informal discussions and critiques, and visit the galleries for inspiration.
Week 3
July 24 to July 28
10am–2:30pm

Artists’ Anatomy 14-17 Years
Elaine Smollin
*Nonmember $330 / Member $297
Enjoy discussion and orientation through conversation in the Museum’s galleries regarding use of human and animal figures. In the studio, we will draw with color to express line and form, shadow and light on partially clothed life models. Basic muscular and skeletal anatomy, and movement will be covered.

Digital Arts 14-17 Years
Jamie Buckmaster
*Nonmember $330 / Member $297
This class focuses on designing digital games. Create interesting and unique backgrounds and characters. See examples from Gamemaker, Zbrush and Maya 3D. No previous programming knowledge required.

Week 4
July 31 to August 4
10am–2:30pm

Visual Stories: Basic Film Theory 14-17 Years
Elaine Smollin
How can pictures be linked together to create a story? In this class you will learn to compare ideas across several series of images and discuss the characteristics of your favorite films. Create basic film storyboards each day. A brief survey of classic films is provided.

Screen-printing Hacks 14-17 Years
Ryan Jarvis
*Nonmember $330 / Member $297
Learn the basics of the wonderful world of silk-screening while developing your inspiration from works in the Museum’s galleries. We will go over the basics of this printmaking technique that can be done on paper, fabric and a variety of other mediums. In this week-long class, you will also learn how to build and stretch your own screens.

Week 5
August 7 to August 11
10am–2:30pm

Drawing and Painting Portfolio Builder 14-17 Years
TBD
Whether you are getting ready for art school admissions or simply looking for an intensive summer class, this weeklong class will examine the fundamentals of 2D and 3D art, including line, form, space, balance and hue. Master basic skills, strengthen problem-solving abilities, develop approaches and discuss ideas while creating portfolio pieces in a variety of media.

Teen Classes
Class Information

Materials
All art materials are provided to youth and teen studio class programs, except when noted. Please see the full course description online for details. Spray paints, fixatives, and aerosols are prohibited in WAM’s studios. The Worcester Art Museum is not responsible for materials left on the premises.

Student Pickup and Drop-off
Students are not allowed to leave early from class without written parent release form filed with the Registration desk. Parents and guests pickup and drop-off students from the Lancaster Welcome Center, please note the Lancaster Street entrance is not accessible to wheeled devices. An accessible entrance is located on Tuckerman Street via the Stoddard Garden Court entrance. Designated spaces are available for visitors with disabilities and families with small children in two WAM parking lots - Salisbury Street and Tuckerman Street. Parents and guests must wait in the Lancaster Welcome Center or the Museum galleries during their child’s class, only registered students are allowed in the studios and galleries during class-related activities.

Lunch and Snacks
If you enroll a child in extended day and/or lunch, please note that the Worcester Art Museum requires that students provide their own, nut-free lunches, healthy snacks, and drink(s). Refrigeration is not available. Please make sure your child knows which food should be eaten at snack time and lunch time. Please alert WAM staff at the time of registration if your child has a serious allergy or other medical concern.

Refund Policy - Important!
A 90% refund is given upon withdrawal in writing 5 or more business days before first class meeting. Withdrawal must be in writing. Email withdrawal request to: transactions@worcesterart.org. No credits or refunds are given on withdrawals less than 5 business days before the first class meeting. When a class is canceled, students are issued a full refund. Supervised lunch and extended day fees are non-refundable. Make-up classes are not offered if students are absent. Class tuition cannot be prorated due to student absences.

Confirmations/Schedule Changes
The Worcester Art Museum reserves the right to cancel any under-enrolled course, restrict the registration in a course, change instructors when necessary, and reschedule individual classes as needed and appropriate. If the Museum finds it necessary to cancel courses or make schedule changes, every effort will be made to notify registered students.

Photos
From time to time our in-house photographers and members of the news media take pictures of students participating in classes and programs, as well as their artwork, which may be reproduced for promotional purposes. If you prefer that you or your child not be photographed, please inform the photographer. If we have used a photo or video of you that you would prefer not be used, please contact us by email transactions@worcesterart.org, request that we remove the image, and we will be happy to take the photo or video down from our website and not use the photo in future print publications. Please be sure to fully describe the page and image, so we can identify it correctly.
